

RWE Alliance Congratulates Dr. Makary on Confirmation, Urges Continued Focus at FDA on Advancing Use of Real-World Evidence to Improve Patients' Lives

Washington, D.C. (April 8, 2025) – The RWE Alliance congratulates Dr. Martin Makary on his confirmation and swearing-in as Commissioner of the U.S. Food and Drug Administration (FDA). We appreciated that during his Senate confirmation hearing Dr. Makary spoke about using “trusted science and common sense,” including real-world data, to modernize regulatory decision making at FDA. We look forward to working with Commissioner Makary in his new role at FDA to continue to advance the use of real-world evidence to improve the lives of patients.

About RWE Alliance

The RWE Alliance is a coalition of real-world data and analytics organizations with a common interest in harnessing the power of real-world evidence to inform regulatory decision making to improve the lives of patients. Our members have deep knowledge and experience working with healthcare data across disease areas and patient populations.
